Making pottery on the potter's wheel is called "throwing". The thrower is a very skilful workman. But there is another method of shaping articles out of clay, "moulding". A plaster mould is made and the clay is pressed into it. this is a quicker and less difficult way and must be used to make things like handles; but all the most beautiful pottery is thrown. When a piece of pottery is taken off the wheel, it is put aside to dry, after which a design may be painted on it with special colours that will stand great heat; it is then ready to be fired. This is done in a large oven, or kiln. The pieces of pottery are placed in earthenware tubs called "Saggers" so that the flames cannot touch the pottery.

Early rising is a good habit as it gives us an early start of our day's work. We gain time while the late risers are asleep. The early risers have another advantage also and that is; they enjoy good and sound health. Those who are out of bed early, have plenty of time to do their work carefully, steadily and completely. They do not have to put off anything to the next day. The early riser is always happy, fresh and smart. He enjoys his work while those who get up late find their duty dull and dry and do it unwillingly. Early rising is, therefore, a key to success in life.

Iqbal is not only the greatest poet of our age, but also one of the greatest poets of all times. There are not many poets who wrote so many great poems as he did. He did not write poetry for poetry's sake. He was in fact much more than a mere poet. He was a learned man. He was a great scholar and philosopher. He was a political leader of great importance. But more than anything, he was a Muslim who had a great love for God and his Prophet ﷺ. He wrote poetry to express the great and everlasting truth of philosophy, history and Islam. He wrote poetry to awaken the Muslims of the whole world from the deep sleep and asked them to unite.

### Questions

Use of technology is another cause of noise pollution. For example, unmonitored use of mobile phones, electricity generators, music systems and TV, all become irritants from time to time. People usually do not switch off their mobiles or put them on silent modes when they enter offices, hospitals, schools and colleges. They also use electricity generators excessively in residential areas and put other residents ill at ease. Moreover listening to loud music or TV on a loud volume is another source of noise pollution.

The Indian National Congress was founded in 1885 by a liberal English man Mr.A.O. Hume. He had joined the Indian Civil Service in 1849 and retired from service after shouldering different responsibilities. He had been watching the ugly law and order situations in the country quite frequently. He was of the opinion that the high handed rule of the Britishers was paving way for an unexpected outburst of violence. His plan was to put a safety valve to minimize the mounting sentiments against the British rule. It was meant to provide an outlet which could ventilate the revolutionary spirit. Mr.Hume put his plan before Lord. Duffrin.

**Q9) Read the following passage carefully and answer the questions given at the end** **1X5 ► 05**

There lived a monkey in a forest. One day he was going about in search of food as he was very hungry. At last he entered the house of a farmer. There was nobody in the house. The monkey found a hard vessel with a narrow opening. He put his hand into it. It had grains in it. He took a handful of the grains and tried to pull his hand out but he could not do so with his closed fist. After some time, the owner of the house came up. His dog was also with him. The dog fell upon the monkey and tore him into pieces. Thus the monkey met his fate due to his greed.
